

Sisters and Brothers,

I hope you are all doing well! I want to thank all of you for the prayers and well wishes you sent to Faith and I while I was sick! The love and support from this amazing group truly helped to speed up my recovery! I am thankfully now Covid negative and cleared to travel about the state. I cannot wait to see each of you in person!

I had a wonderful time attending the mini conference in April and I am truly grateful that during this pandemic we were able to stay in touch with members and chapters via the zoom meetings. Thank you to all of the members who took the time to host and organize their chapter meetings. These meetings kept the chapters going during such an uncertain time. Even with in person meetings going again I am hoping some zoom meetings will still be used in the future so those that are not able to travel can get together for some socializing.

I have enjoyed seeing the many wonderful Facebook post of the community outreach each chapter has continued over the months while we were unable to meet. There have been many wonderful donations made by many chapters. I am sure these donations were very much appreciated. I am honored to call count myself apart of such a wonderful loving, caring and giving organization.

I do have to say that I never through I would be so happy to see the color turquoise! We had our first official visit back with Los Alamos chapter this past weekend and it was wonderful to see some of our sisters and brothers! The officers did a wonderful job and we had a great time seeing everyone in person after being apart for more than a year. We are looking forward to seeing everyone as we finish up the last of the official visits over the next couple of months.

I look forward to seeing each of you again, and hopefully in person for Grand Chapter in October!

Grand Marshal  
Anthony Pugliese
